AZZURRA CAPRI

Your glamorous, warm-weather sandal awaits.

Our Story

Having lived true to her inspiration, owner and designer Diana Carolina spent much time residing in the Mediterranean, while coming up with the Azzurra Capri sandal concept.

From spending countless hours residing on the enchanted island of Capri, Diana Carolina fell in love with the craftsmanship of handmade sandals. Studying shoe design at Florence's prestigious Polimoda Italy's premiere fashion institute, and by learning techniques side by side a 4th generation artisan, Diana set out to design shoes as elegant and astounding as her chic and sophisticated environment.

Azzurra Capri is an international handmade sandal line crafted with bespoke Italian leather and in-house designed sparkling Swarovski crystal enhanced pieces.

With an intercontinental footprint including pop-ups spreading from LA to the Hamptons, each shoe is hand sculpted in Italy by multigenerational craftsmen using fine leather sourced from tanneries in Tuscany, cut in small batches for sustainability. Every sandal—from the simple cut to the dazzling embellished gems—is a work of art, each as different as the women who wear them. Timeless pieces, endless style.
